## Invitation to our SchietwetterCup

Dear rugby friends,

this year was epic and we want more! We are already planning the **SchietwetterCup 2023**. Our highlight of the season will take place on the weekend of **16-18.06.2023**. Register now for the legendary summer tournament.

The SchietwetterCup is the largest **7s tournament** in Northern Germany and is included in the programme of the **Kieler Woche**, the largest maritime folk festival. Besides sailing competitions, free concerts and food trucks, our rugby tournament is one of the highlights. Every year, more than 20 teams compete with us, coming from all over Germany or even other countries. The tournament is divided into a men's and a women's competition. We would like to explicitly welcome everyone (Trans, Intersex people etc.) to our tournament and encourage them to play in their preferred competition.

On **17.06.2023** we will compete against each other on the pitch and afterwards we will party together. We are also keeping an eye on the pandemic in this upcoming year so that we can ensure necessary hygiene measures on site if required. You can either register as an entire team or contact us to sign up as solo players (so called "pirates") to join other teams. For those who've never been to Kiel and would like to know what they have missed out on so far, feel free to watch the aftermovie of our SchietwetterCup 2019.

**The after-movie to the 29th SchietwetterCup**

## Registration form for the 31th SchietwetterCup
